Memorandum for: The Director

Subject: Ambassador G. Lewis Jones

1. I ran into Lewis Jones at lunch today. He is an old acquaintance of mine from the Middle East days. He is here on consultation, and expects to assume his duties as Ambassador to Tunisia as soon as his wife has a baby which they are expecting in three weeks or so. In the course of our conversation, I told him that I was now working for you, and it developed that he would like very much to have a chat with you before he leaves for Tunisia. I told him that I would pass this along to your office.

2. Ambassador Jones can be reached through Leo Cyr, Chief of the African Division at State.
